

CREA Scholarship and Loan Repayment Grant Program 2016

CREA Scholarship and Loan Repayment Grant Program

Introduction

Each year CREA sets aside a certain sum in its annual budget to fund career enhancement scholarships and education loan repayment grants for members. The current sum will be apportioned to the programs dependent upon the applicant pool, with the following limits.

- Scholarships have a maximum of \$1,000 per individual grant.
- Loan repayment grants are in the amount of \$500 per award.

Program Rules and Administration

This document, approved by the CREA Board of Governors, serves as a description of the program's rules and guidelines, to be administered by the CREA Scholarship and Grant Committee. The Scholarship and Grant Committee shall consist of at least three CREA members. Current Scholarship and Grant Committee members are not eligible for scholarships.

Scholarship and Loan Grant Eligibility

All current CREA members of at least six months' standing are eligible to apply for a CREA scholarship or loan (with the exception of Scholarship and Grant Committee members, Governors, and Officers of CREA).

CREA Scholarships

Program Criteria

Scholarships may be awarded to pay for the costs of tuition, required fees, and books for any course of study or program that will enhance the prospects for the CREA member's career within LOC. If the program is specifically meant to enhance current job performance, it is expected that the applicant will have approached CRS for funding before applying to CREA. CREA scholarships may not be used to pay for course costs that have already been met with scholarship or grant aid, or for costs associated with courses other than the one specified in the award. Please note that travel costs are not considered eligible expenses under the program.

Criteria for Awarding Scholarships

If possible, the Scholarship and Grant Committee will award scholarships to all eligible applicants who apply for funding for appropriate courses in a given application period. In some instances, partial funding for a course may be offered. If more applicants apply than the scholarship fund has money for, scholarship money will be awarded using the following criteria.

1. First preference will be given to applicants who have not before been funded from the CREA Scholarship or Loan Repayment Grant programs.
2. If necessary, tie breaking preference will be given based on an applicant's ratio of time as a member of CREA to time eligible to join CREA.

Procedures for Disbursing CREA Scholarship Awards

CREA Scholarship Awards will be held by CREA and released upon successful completion of the course for which the award was made. Award recipients must provide CREA documentation showing payment for the course (e.g., bursar's receipt) and successful completion of the course (e.g., transcript) to receive reimbursement. Awards will be made to recipients in the form of a check from CREA.

Program Data

Records of the applicants and awards will be stored in a scholarship database developed and maintained by CREA.

CREA Loan Repayment Grant Program

Introduction

The loan repayment grant is intended to provide help for members who are paying back certain eligible student loans in programs relevant to their employment at CRS.

Eligible Loans

Loans eligible for repayment under the CREA Loan Repayment Grant program include those eligible under the Student Loan Repayment Program for Federal Employees authorized at Title 5 U.S.C.
